

# Evolutionary Biology meets the Antibiotic Crisis vol. 2

Wednesday 25 September 2024

**Session: 6 (10:40 - 12:40)**

**-Conveners: Fereshteh Ghazisaeedi; Trisha Parbhoo**

time	[id] title	presenter
10:40	[16] Mechanistic insights into phage antibiotic synergism	BERTELS, Frederic
11:20	[17] Why bacteria-bacteria interactions matter and what can be learned from bacteria-bacteria killing in nature	UNTERWEGER, Daniel
12:00	[18] Mass lysis of predatory bacteria drives the enrichment of antibiotic resistance in soil microbial communities	PANDE, Samay
