

Causes and Consequences of Inclusive Inheritance

Thursday, November 7, 2019

Session 2: Examples of Transgenerational Inheritance 2 - Lecture Hall (9:00 AM - 11:45 AM)

time	[id] title	presenter
9:00 AM	[8] Keynote: Trans-generational effects in the evolution of ageing	MAKLAKOV, Alexei
9:30 AM	[9] The influence of parental phenotypic variation and parental exposure on sensitivity to ocean acidification in a reef fish – a molecular whole-organism approach	SCHUNTER, Celia
9:45 AM	[11] Transgenerational plasticity of a coral reef fish to ocean warming	DONELSON, Jennifer
10:00 AM	[12] Putting the heat on insect reproduction: adaptive and mal-adaptive transgenerational effects through increasing thermal means and extremes	SALES, Kris
10:15 AM	[13] Discussion of examples	
10:45 AM	Coffee	
11:30 AM	Group Picture
