

# Evolution of interacting populations

## Sunday 15 September 2019

### Session 1: Session 1 - Lecture Hall (14:00 - 15:40)

time	[id] title	presenter
14:00	[2] Stability and Diversity in random Lotka-Volterra systems with non-linear functional response	SIDHOM, Laura
14:20	[4] Cellular potlatch: The advantage of leakage of essential metabolites and resultant symbiosis of diverse species	YAMAGISHI, Jumpei
14:40	[5] Stability and diversity in random ecologies: the physicists' frustration	GALLA, Tobias
