

Fungal Ecology & Evolution

Wednesday 14 March 2018

Session 2: Genomic insights into pathogenic fungi - Lecture Hall (14:50-18:00)

time	[id] title	presenter
14:50	[8] Evolutionary ecology of zombie-flies	DE FINE LICHT, Henrik Hjarvard
15:40	[9] Fine-scale recombination map from a handful of unphased genomes	BARROSO, Gustavo
16:00	Coffee Break	
16:30	[10] Emergence and spread of the multihost pathogen <i>Pyricularia oryzae</i>	GLADIEUX, Pierre
17:20	[11] Discussion: genomic insights into pathogenic fungi
