

# Fungal Ecology & Evolution

## Thursday 15 March 2018

### Session 3: Mycology with model organisms - Lecture Hall (09:30-12:00)

time	[id] title	presenter
09:30	[13] Auxin biosynthesis in the non-phytopathogenic ascomycete <i>Neurospora crassa</i>	KOLLÁTH-LEIB, Krisztina
09:50	[14] Lifestyle specialization of closely related fungal grass pathogens	HAUEISEN, Janine
10:10	Coffee Break	
10:40	[15] Selection on natural <i>Saccharomyces paradoxus</i> diversity in a seasonally changing environment	BOYNTON, Primrose
11:30	[16] Discussion: Mycology with model organisms
