

# Future Opportunities for Software in Research - 2022

## Friday 13 May 2022

### Session 5: Challenges and Solutions - Lecture Hall (11:05-13:35)

time	[id] title	presenter
11:05	[3] OSS in Climate Modelling, Introducing a Software Policy at an MPI	BUDICH, Reinhard FUNK, Maximilian
11:30	[16] Good Practices for Documenting Copyright and License Information in your Software	SCHLAUCH, Tobias
11:55	[17] Data management for heterogeneous research environments with CaosDB -- Experiences from an MPDL Open Source development project	HORNUNG, Daniel SPRECKELSEN, Florian NORDSIEK, Freija
12:15	[30] Developing a software platform for a systems' study of human history	FERNANDES, Ricardo
12:35	[26] Managing data at a small-sized sequencing facility	Dr BEZRUKOV, Ilja
12:55	[24] StudyDB — Key Concepts	VOLLMAR, Stefan
13:15	[23] FAIRness of the mathematical research-data repository MathRepo	GÖRGEN, Christiane
